

Mon passeport français 5^e à la 8^e année (#1)

While we are apart, complete as many of the French activities that you can on Mon passeport. Check off those you accomplish. You can share your passport, posters, collage or recording with your friends and teacher when we are back in classes again, or you can share to our group in Teams! The second page has more online options.

The shaded boxes are a bit more challenging, but give them a try. 😊

Kaléidoscope personnel

Matériaux:

- Papier blanc
- Marqueurs, crayons de couleur, pastels
- Règle

Procédure:

Using a ruler, students will divide their paper into eight sections. First, by drawing a line from corner to corner to create an "X" on their paper and then by making a "+" on top of the "X". Next, in each of the eight sections, they will write words of importance to them, such as, friends, family, food, pastimes, animals, weather, seasons, *en français*. Students will use the shape of the section to form the word. For instance, the shape of the section will be a triangle, so they will start from small to large.
